## **YAHWEH SAYS THESE WORDS TO SERVANT SEERSGATE:**

Servant, I have removed their way. The only ones drinking from your way are the ones getting trained or the ones who will one day work with your outlets. The ones going to the Hell and into the lake of fire are drinking a form of torment and will not ever have a way to have a taste.

I will not wait till Mother's Day. That is why I sent her the card. I wanted to shut off the former way. So, I will remove the former covenant and put a new covenant in its place. There must be a lifelong vow, one that can never be broken, where you treat your body in a poor way.

I made you gain a great eighty pounds, which brought on many health issues, lowered your self-esteem, and made him feel that you will never be the person he is craving. But it had to be done so that there would be a noticeable way when Yahweh strips away the former placement and builds you a new human clay, power-filled and taking in great Kingdom seeing and hearing ways.

What does it mean not to abuse the temple of the Great Holy Spirit? You cannot blatantly damage it, including poor eating and poor spiritual input. The temple must not take in sinful ways on purpose. And no self-harm. The temple of the Great Holy Spirit has a powerful surging that cannot be faked. You cannot take lightly what has been flowing within and will now stay.

See, that is what We kept hidden for these many training years. You were continually filled with a great powerful blue surging straight within, but the blue power would never

stay and get ingrained. It always left. It would come in but then be stripped out—a continual filling but with no residue effect that could be visible.

They had no way of seeing this turning within you due to how I did not let the blue power stay. It is like how dye would affect a piece of cloth. If the dye did not stay in long enough, no one would notice, and the dye would not hold. See the person dipping the dyed cloth in the bucket, and then another would put the cloth under the faucet and wash it away. That's what happened with your way.

We let you take in the full surging but then would strip it away. And they could not believe you, for you had no residue of a way to be what you are claiming. It seemed fake. You look like a person making this all up. See it. And when a person caught a glimpse of it, they were only able to drink it if Yahweh had allowed it. No one would know of your position with human reasoning. It is too great of a calling to let you be proven. The words were not sufficient.

It was the ultimate test, what I did. You had to deal with his family. You had to deal with social media. You had to deal with unbelieving former church folks. You had to deal with the family way. You have no real person who can understand what you are in the spirit realm. It doesn't make sense to them. But will their lack of understanding bring you a false prophet power way? Would their lack of belief in what Yahweh says actually hinder Me from pushing this great work?

Why, I no longer need to wait. You no longer need to wait. What does that state? The way of all former plans needs to be erased. Pertaining to your presentation: there is no value in waiting. But there must be a permanent taking care of the temple of the Great Way. All Three are within. Eating well and maintaining good spiritual health are both critical. And I require a permanent plan, one that can never be broken.

Your way will be healed from head to toe. I will strip away the toxins within and fill you with a great surging that will give you a twenty-year look stripped away. I will never leave

you. I will now back up the work, and no one will be able to look at your way and not feel the surging from your spirit. It is a full world-level power surging that will not have a way to leave you until you come home in natural death. All I have to do is stop stripping away the surging.

It was a hard testing way, and we're done here. Don't look back. Do not look at the former way, and do not renew the lease at this current placement. We need privacy. I need to build. Are you seeing it? I can begin this new way at any time. I do not need anything else. I do not need someone's work. I only need to bring you under. The power is given. Come and drink it.

You aced it, that very hard test to say that We will raise them within three natural years without any proof that Yahweh would bring in creative work. That was a pain-felt way of submission to go into that way of trusting Me. You can lose the weight here, now. You can take in what the blue power way yields forward to build. You can do these podcasts and give audio plans through a video way.

That man is going to the lake of fire. His soul is sealed. And this is not your husband I refer to. And he will be under great torment in My presence for all of eternity—so will that woman and her student. And that other who said you couldn't touch her. Four are sealed into the lake of fire. I will not be able to remove that death sentence from their spirits. See it; a prophet can yield death sentences, but only a released world-level servant can push forward the message called The Age of the Antichrist. You cannot do it without being in your fullest placement as a servant of Yahweh in your active work field.

I did release you last summer, but then I gave you a test that lasted this entire time frame to have the final people reviewed. If they kept their distance, they would not be banned from ever coming into this great work. No cursed, cut-off, or damned person will have a placement within Seersgate. The cursed one will have to be a restored way to have a taste at My table. See. That way of testing kept you in that way of stripping, but it's coming to an end in a real way.

I'm done with the former placement. What say you?

**SERVANT SEERSGATE:**

I crave to bring You to the people with real seeing, hearing, and the permeating blue powerful stream staying within.

**YAHWEH SAYS IT:**

Good. I'm glad you're bending.

Are you willing to let Me accelerate your turning to bring you back to that way when I gave your way to begin? Are you ready to face the crowds? Are you ready to tell them all about our new book this next day, with a picture, holding it in your hand? Are you ready to have a very large following who are actually hungry for the true way? Are you ready to see the spirit realm as you did before We stripped your hearing and seeing? Don't be afraid of what is unseen.

Are you ready to leave him here to tend to the one-year battle warfare with the hidden demons that stay stored? Are you ready to meet that famous man who contemplates reaching out to you out of fear you would say he called? What are you thinking? You feel two things. One, you will never be ready, and two, I would never let you take in a full, real way in presentation. Both should never be reviewed.

It is now time to work for Yahweh and leave here. Go back into the Virginia Beach territory for a minimum one-year street ministry. Let's leave as soon as we are able to take care of our own way. You work for Yahweh. You are chained to Me in service. If your husband valued Me and this great work, he would come.

The Kingdom order is not under household order. You would have to bring in more income than he does, which you have done once before, and he complained about that plan. But building up healing rooms is not in the same plan as running another work way he carries. Why? I need their yearly income to maintain a healing room for three months. See the surging weight in Kingdom provision, protection, and real power that Yahweh has to bring in?

Do not stay here when Yahweh yields the way.

I have nothing left to test you on. I have nothing to give in training before we begin the world-level work. There is no task left to be revealed. I have trained you a well way.

To avoid us starting on someone's birthday, let her have her special day. Let's give the surging into yielding the beginning of the rest of your days in the day known as April 14. Begin going into the new eating placement. Strip away all soda and junk food that clogs you and makes you operate poorly. Stay away from heavy-weighted processed food, and yield a plan of mainly fruits, vegetables, proteins, grains, and sweets that are not heavily laden with dangerous sugars and added weight-hindering ways.

See. No longer think on the former placement. The Altar is now starting. Excerpts were given over the previous times in seasons of novice training, but now, I will bring in world-level wisdom to build these five web ways well.

World prophet, now come forward and be firmly placed in the earth. Amen. Amen. Amen. Your fate is sealed. Visit home often. Your home is Heaven.
