

# REPLACING SLIME WITH GOD'S FIRE

## THE GREAT KING SPEAKS CONCERNING A CHURCH VISIT:

It is now changing in the church building even as the minister preaches his message on taking on My yoke. He will truly see a shift in the church detail due to what has been released into this church building. It is not just the building that was shifted in this church visit, for the people moved with great levels of slime on their spirit way that made it where they were displaying deep apathy and laziness in worship details. But now, there is a major drinking that is pushing. Look and see, for surely there needs to be a release in this building, from another source, to replace what was burned off the people. Here is what they truly need: a washing in My great fire. Here is the power that will need to keep them in this new way. Here is the prayer to speak into the earth over this detail here. Servant, just read this in the plan to move this will into power ways, where they will truly drink it.

### Prayer to replace slime with God's fire

*Now I speak a release of pure detail in the Great Way's fire to cleanse the way here in this church gathering. I speak an embrace of the will of the Great King in this church outlet. Have Your way, Great King. Have Your way in this church building. Let Your fire come and bring a major shift in this church gathering, where Your fire burns and waters and rejuvenates. Let there be a deep drinking in the spirit realm to give the people here their needed dose of Your Spirit, where there will be true growth. Let there be a deep hunger for Your Spirit. Let there be a deep longing to seek You. Great King, let fire flow in this building. Let Your power bring potent shifts of glory to deliver a strong foundation that this church will be able to drink deeply. Let Your pure way lead. Great King, Your Kingdom shall be moved into deep drinking. Let it be so, Great King. Let it be so. Amen. Amen. Amen.*
