

# **ANOINTING NEEDED**

Norfolk, Virginia, USA

## **YAHWEH IS SPEAKING:**

You went to a new church building and noted no worship environment that could come and bring a glory-level surging into My gathering. This outlet has a cover that is not able to invite the spiritual dealings into their services. They hope to have greater crowds by catering to the way of what the majority of Christians are able to drink in.

What if a demon-filled person came into the sanctuary? Would they actually know what is going on? Would they know how to expel any demon within?

They could not move past the praise way of looking at the people and being cheerleaders of worship to get the people to engage. Ministers tell all gathered to raise their hands, not seeing that they offer a worship plan that may not be embraced by the visiting non-believer. Who said that churches should have a culture that caters to what they already know and feel comfortable with?

Is it necessary to make people bow their heads and close their eyes so that the person who is to repent will not be embarrassed to surrender to My Kingdom order? Who says to show faith with a hand outstretched? I am tired of church culture and people hiding in dark rooms, hoping that no one can tell they need a purpose in Yahweh.

Would they welcome My Spirit when they open the service? Why do the people ignore Me in their praises and talk with church people? Will they ever do this and say to My Great Spirit, "Welcome, Great Way. Have Your way, Great Holy Spirit?" Are they afraid that someone might fall out in the Spirit? Are they afraid that there will be someone there who needs deliverance?

Why hinder this? Let the people come to Me and drink healing and deliverance. Let the sick come. Let the sinner come. Let the worship come forward with clean hands and a

pure heart. Let them enter with hopeful expectations that the windows of Heaven will open and that I will actually show up.

Please put on stage worship leaders who have that way in intimacy with Yahweh during their daily work and home life. People put people in church choirs without first seeking My will. Do not pick any to welcome the presence of God based on gender, friendship, or one of position. Choose those under the will of God.

I said that a certain woman on that team of worship leaders was not to be in leading details because she has no anointing. Is that true based on being a singer, or is it based on how Yahweh can see the true purpose of all who are living? I could have invaded the atmosphere with a comfortable level of power if she halted and let the others lead.

See it: One person out of order can hinder a worship session and bring it to faceless values, based on how there is no engagement with Yahweh. Singing in a choir will not anoint the singer. The covenant will come with the anointed and will back up that person.

Do not bend to the culture. Stay strong in Yahweh's purpose and bring a pleasing power-filled worship to My purpose. Amen.
