

DRINKING HUMAN BLOOD DURING SEXUAL ACTS

YAHWEH SPEAKS THE FULL WILL:

There are many who will be disgusted with the power-sharing here in this brief detail. Yahweh sees the human in their private ways as well as in open places. No human cover is able to conceal private acts, whether good or evil, in nature.

Why would a human drink another human's blood? What is the plan? The transfer of demons in one fleshly tent to another is an easy act when there is natural intercourse. The human's outer shell is a fleshly tent that carries "spirit" matter. The human who still has breath and has not entered natural death is comprised of the outer way, with a plan in a "spirit" matter, who has a soul.

All humans in earthly living are a three-part way. And engagement with any can take way without having to touch the flesh of the other involved in meeting. With a natural sexual act, the humans who are joined will have a soul tie under the "spirit" principles, and that spiritual law of soul tie connections comes with a spiritual binding plan.

Every person you have had sexual intercourse with has a soulish connection to your spirit and must be broken off in the spirit realm. Now, whether there is natural intercourse or not, those who are intimately joined through emotional ways under sexual acts, they will also have the ability to develop intimate soulish spiritual attachments.

The base of understanding the sexual joining with another will help to see that there is something—a special kick, a catalyst—that brings a greater filling of whatever demon is conjured.

Blood sacrifices are ways to enter another power level under a demon-based infilling. There are levels of fillings in Yahweh and under Satan. Within the Kingdom of Yahweh, the Great Spirit of the Way (King Jesus) gives Kingdom fillings within the Kingdom citizen. And these spiritual fillings in Yahweh are countered by demon-based actions.

Your soul can surely sin and fulfill its purpose in eternal damnation. Your soul also has an opportunity to drink in the eternal life from the Great King Jesus. This decision of where to spend eternal living is up to each human, and there is always a plan of living out the free will way.

At the same breath, even though there may be freedom to choose what purpose is yielded, there needs to be an accurate consequence in action before the way in spiritual joining commences. With the action of natural intercourse, a spiritual barrier is broken, and a free transfer of demons comes into the other human involved.

The next stage in breaking down the hedge of protection is to begin the invoking of the spirit realm, using certain catalytic acts that signal certain demonic matter. Once that barrier is broken, a strong man can take a dominant plan and hold the host hostage under the spiritual protocols yielded.

Free will is given, yet prayers to break the demonic action are not the various power plans of what the human would say just to say something. Saying simple words to Yahweh can break off a demonic power, but not yielding to the order of Kingdom healing and delivering ways will leave that person filled with a way in spiritual prisons.

There is an order to attaining delivering actions. There are laws under the Kingdom of Yahweh that must have a leading way. Giving over your full way to Satanic acts will bind you to a rule of ownership to whatever kingdom is being yielded to in the "spirit" way. Saying you are a Kingdom citizen of Heaven and going to church buildings will not give a way of eternal living with King Jesus.

Jesus is the only Way to eternal living, yet in the same breath, He will not make a person stay under His power way under Kingdom protection. When a Christian—a real Christian—has a power way to go and conjure up Satan with yielding to any demonic act, that Christian **chooses** to let Satan in and yield their body to Satan's kingdom will.

And as the real body of the Christian yields to more demon dealings, demonic movies, and Satanic activities, the Christian's spirit starts to turn darker, being filled with greater surgings of evil.

Once there is a full turning, that Christian is returned to sin, serving Satan in their way of body, soul, and spirit. See, the blood is the life source of a person or an animal. Drinking that blood says to a demon, "You can reign in me and take me, my life way, and fill this fleshly way with spirits that will give me demon ways so that I will have you leading."
