

SODOMY

What exactly is sodomy? Sodomy has been referred to in various ways, yet explanations do not cater to the full way that the sin itself would greatly influence a person. People must look at sin with God's vision and see that sin will keep us from getting closer to King Jesus.

Sin is sin, yet specific actions in sinful dealings will produce different demon fillings. You can sit before the Great Way, yet the sin will take on various forms of spiritual poison manifested in daily living.

Sodomy—what exactly is this sin? Sodomy can be referred to as “sharing your sexual way with a person you are not joined with through marriage, using techniques to engage in sin-filled experiences through the flesh.”

So, can sodomy be oral sex? It depends on the context of the environment, for various acts are covered in the union in the marriage bed. This freedom to enjoy married sex does not include anal sex, which is an unclean plan, not given in marriage based on its nature.

Does this mean that only same-sex engagements are viewed in sinful ways? It should be clear that two women do not have the organs to perform anal sex on each other. With that understood, it is not the position of anal dealings that labels it sodomy.

Sodomy is based on sex-filled engagement dealings that bring dishonor to the nature of the Great King Jesus. Isn't sodomy clearly understood when it relates to the nature of the Great King? We can compare Yahweh's nature to the actions of a human. So, sodomy should be noted as sexual behavior that breaks out of sync with God's nature and how He states the act of love.

People say, "Yahweh is love," and would never imagine Him stating that their version of love is not synced with Kingdom order. But who would know what the real God Yahweh would want? Should the King bend His view of actual love to appease a sin-filled human? So, the "love" gauge must be based on what nature Yahweh gives, what He states in His Word.

When there is a real embracing of God's Kingdom order, where there is a deep seeing in entering the King's nature in everyday activities, there will be a way within you to gauge living with the King's will.

To know God's nature would be to know the Great Holy Spirit. And God's nature is set under moving with love, in place of living for earthly pleasure and gain. Enjoy your spouse in marriage and keep a pure entryway within that would bring honor to the Great King.

POWER PRAYER

I pray for you, dear one:

Yahweh, as they yield to You, I ask that You break all the chains of the former way. Please bring a change in the life of the one who reads this. Please let Your Great Holy Spirit bring a renewal of life, changing the way they are and how they live. Please let all sins come up in a revealing way and bring Your way forward so that they will see that You are the One True Yahweh. Amen.
