

SEX WITH AN INCUBUS DEMON

January 11, 2018

THE GREAT YAHWEH SPEAKS A MAJOR SEEING:

This is going to be major what I tell you, servant. I am a God of mercy, power, love, and great favor. Why would I allow a demon of an Incubus function to come into your bedroom and offer your body the best sex you have ever had? How could that possibly happen?

You woke up from that act and knew right away that someone was not actually there, but in your true way, you knew that a demon manifested and gave you every deep womanly craving that you have offered in your thoughts. I heard how in your heart, there was a hope that you were not under another demon attack, but no hidden way from the truth will make an appearance.

How can a human have actual intercourse with a demon? Did it even look like a demon, or did the Incubus outlet appear as a perfectly endowed man of great handsome levels? Imagine; you had a way to be molested by demons in the past. You were actually raped in your bed. Such violation took over your way, and you were a greatly angered way with your Great God for allowing the invasion to happen.

What has happened that will bring a powerful attack against you in the spirit realm to allow demons to rape you and give sinful pleasures that break God's holy law about having sex with another other than your own spouse?

How are you doing? Is the spiritual battle a hard plan to lead over? Your body has dealt with such great levels of spiritual abuse that most would run away from God if just a portion of what was experienced happened to their way.

Most are afraid to even say the name *Satan*. Some are afraid to speak about demons. Some are afraid of spiritual warfare. Some are afraid of how Satan can torment; they will allow him to steal, kill, and destroy major parts of their well-being.

Have you noticed how I have been saying the word “allowed” often? I am showing that there was a breach in your territory that allowed this level of torment to come to natural details. I am going to let you share the rape portion.

Start with how it came about. I will give a spiritual washing when we are done so that the ninety-day shift will give the deepest surging of power that will push this whole work forward.

SEERSGATE SHARES WHAT HAPPENED:

I was a very lonely woman. I was once addicted to pornography, and my heart had craved the vilest acts to watch them out of a curious way. I was always a seeing prophet until Yahweh took away my spiritual sight and trained my way to hear clearly, moving with accurate methods.

I could not have a way to see it happen, but I could tell that the act of intercourse was taking place. There, in my bed, Satan came and laid right beside me, on the opposite side of my husband. I felt the act. The penetration was as a human.

Even now, it's hard to share it because it feels as if there were no safeguards in place. How could I feel the act of sex from an unseen being and then look across the bed to look at my sleeping, lying the other way, husband? You would need to see the unseen realm to even really embrace this. This was very weird because Satan appeared in a gentle manner, very off from his nature, just as when he appeared to me as an angel with his snake-shaped eyes.

Truly, great deception is within Satan and the demons in his way. *What brought on this attack?* This would be a question to seek the Great King concerning. Truly, many think

they have very erotic dreams, with different people in their visions, and they will never truly know that they are engaging demons in the night.

You have to see that men are also targeted to have intercourse with female versions of this sex demon. What is the root? And what door opened my spirit to this way of invasion? Speak, Great King. Please help me to see clearly.

YAHWEH GOD ALMIGHTY COMES AND BRINGS A TRUE WAY OF ROOT DETAILS:

Servant, your way is moving closely to Yahweh. Now, just thinking about how you were violated hurts Us. We didn't make it happen. Your very sinful action gave Satan the doorway to be enabled to take a way with you in this materialized intercourse action. This is what you are made aware of even at this moment.

The movies that you are moving to see in the movie theatres truly break open territories and will give Satan a way to come and torment you in this manner.

Remember how We told you that Satan comes into your dwelling often? We are aware of each time he comes to spy on you and to hear Me give you messages and instruction. Satan has to literally come through your forty angels in your angelic guard and be granted an audience with you, even if you do not deal with him in that seeing.

You have been visited so many times that you have become accustomed to having Satan here. It's because you haven't been given a way to drink Satan in his fullest nature. It would be extremely painful and shocking to you to deal with him with his purest form of evil.

And this makes this way of training an easier way to deal with him—with placing filters on his nature so that you will be able to endure. Imagine the sheer terror you would have dealt with to sleep in your bed and be raped by the head demon that is filled with the vilest way and deepest pure evil ever unleashed on the earth?

Isn't that what Satan is? A literal root of pure evil. Satan gives his demon named *Pure Evil*, his very surging of evil, so to speak.

You were under a filtered dealing with Satan, and it's been this way with each engagement, including every dream involving him, every meeting with him, every rape and molestation by his way.

You have endured a great deal but truly see: We kept him from the rape act for a season, till you were able to deal with it. It was coming to the surface, based on how you went to see that mummy movie and dealt with Set (Seth) in the movie theatre.

Servant, be warned. You are entering the Materialization Stage, where there will be a full taste, touch, and seeing of each demon that is given a way to come and deal with you. You have to keep your eye gates pure and separated unto Yahweh.

They will make jokes about you. They will say you are holier than thou and self-righteous, but let's look at how they will deal with this level of torment you dealt with since the age of seven when demons first came to live within you as their host.

Servant, I am guarding every true Christian with an angel; this is known in Scripture. This is clearly noted. They are ministering angels. Even those who are separated by sin are still being placed in protective ways through the prayers of another in My Kingdom.

I had even sent you protection when you were living in sin, even when no one sought Me on your behalf. It was a mark of a mighty calling placed upon you. And in your office as My prophet, you have forty angels guarding you in every detail. But I want to make something very clear: When there is a breach in a territory, true spiritual laws come into effect.

You are heavily protected. Never watch a movie with people having actual sex, even with the area of penetration covered. This gives Incubus the way to come into your territory

and torment. Now even TV ads and movie trailers are very graphic. Now printed ads and half-dressed movie players take over the real daily news. This is the breaking way of Satan, and it brings great demon fillings within.

Do you feel that you have been fighting in your flesh, in even greater levels than before, with following My fasting plan? Have you come to clear seeing ways as to the reason why We pushed the Ivory Coast trip further back, even with your May vow, to a time of deep prayer?

Have you seen it—how you come against Me in your spirit every time I call you to a deep way in spiritual stripping? There has been a legion of demons within due to being raped by Satan. And now that your spirit is ready to deal with the root, We give you the reason for the prayer pushing way in Yom Kippur.

You are angry even at this very moment to know that you have many demons within you. How can a servant with a great calling, who has, even at this very moment, a deep power surging in her spirit, still have to be delivered? How could this be? No protection over your way of viewing details was in place. And We needed you to be made aware of this way of sloppiness before your trip to the Hell is completed.

There must be a true seeing. Demons can come into major servants.

You have an apostolic office calling. Do not think that you have failed Me. It is quite the opposite. We need a servant who will yield to a full cleansing when Yahweh says that there is a serpent way of blocking the true power shift. You are yielding, and even at this very moment, you want to be set free, to serve Me fully with no blockage.

Servant, here is your prayer of deliverance from sexual torment of demons:

I will yield in my body, soul, and spirit to the authority and power of the Great Holy Spirit. In the name of King Jesus, I give my whole body, soul, and spirit into the hand of Yahweh, King of the universe. Father, forgive me. I have sinned a great sin. Please wash me in

the very clean blood of the Great King Jesus. Please clean my heart of every unclean action and set me into Your steady way. Please renew Your purpose within me. Please remove every blockage, hindering spirit, and every connected act that is not pleasing to Your Kingdom, and set me on the right path so that I can walk in the purpose and power that You have called this servant to walk forward into in the new season. I submit to Your purpose for the servant, and I choose to live for King Jesus. I renounce Satan in every aspect. Right now, I give my whole body, soul, and spirit to the service of Yahweh. Amen.

YAHWEH CONTINUES:

Servant, you are humble. And this is the needed trait in every strong leader. Servant, walk forward into all that Yahweh has willed.
